Respected Officials,
Please find herewith attached call recording dt. 11th Sep 2025 8:04 AM received from Doctor Joint Director Medicine and Equipment CO ECHS (phone number [redacted]). I shall publish the call recording and this email in protest against advising to use single use needle for three or more times. As spirit and cotton are also no more reimbursable, it must be kept in mind that the Ex-servicemen are aged, with age compliance with hygiene deteriorates, patients having fever or coma are not supposed to take bath prior to taking injections at home, during winter nobody can take 2 or 3 bath with soap and water, India is affected by flood and drought, and people kill eachother for getting clean water. So, spirit, cotton, and single use needle save lives, and we know that the Government has the habit of waking up only after major railway accidents. I shall publish an article on spirit and cotton not reimbursable anymore. Please ask P.M. Modi to stop ruining the ECHS, agonising the aged Ex-servicemen, and imposing undeclared emergency to suppress the voice of Indians - without notice and hearing the OIC PC Salt Lake put permanent restriction on posting messages in the Polyclinic's official Telegram group by the Ex-servicemen in pain; I afraid one day it may become the reason for fall of the current ruling political party if the said restriction is not unconditionally withdrawn.
